COMP6733 IoT Design Studio   **Project Progress Update Mark Sheet**

Group Name:
Student Names:

Grade Band	Progress So Far (10 marks)		Plan for the remainder of the project (5 marks)	
Excellent (85-100%)	Made exceptional progress and went beyond the milestones set in the project plan. Overcome major challenges. Substantial evidence of initiative.	10	Well-justified, comprehensive and feasible list of milestones. Appears on track to secure a HD. Final outcome could be publishable in an peer-reviewed article, or Outcome could be production usable.	5
		9.5		4.5
		9		4.25
Very Good (75-84%)	Have made very good progress and are exactly on schedule as per original plan. Have achieved some major milestones. Strong evidence of initiative.	8.5	On track as per original plan. Remainder of the plan seems achievable. On track to secure a DN / HD (if they work hard).	4.1
		8		4
		7.5		3.75
Good (65-74%)	On track as per milestones. Shown good initiative. Lagging in some parts. Significant opportunity to improve.	7.3	Likely to complete a solid CR. Need to ramp up to get into DN territory.	3.6
		7		3.5
		6.5		3.25
Satisfactory (50-64%)	Made reasonable progress but lagging behind as per schedule. Likely to finish but may miss out on some key goals.	6.3	In danger of not achieving all the goals and likely to only complete a partial (but still significant) project.	3.1
		6		3
		5		2.5
Poor (25-49%)	Made some very superficial progress. Significantly behind original plan. Not shown any initiative.	4.5	Haphazard planning. Severely behind on milestones. Unlikely to complete project. May only complete minor component.	2.25
		4		2
		3		1.5
		2.5		1.25
Very Poor (0-24%)	Very little evidence of any progress being made. Have virtually done nothing.	2	Poor planning. Unlikely to finish project and achieve anything meaningful.	1
		1.5		0.75
		1		0.5
		0		0

Final Mark: /15 marks
